Manitowoc Finance

CREATE YOUR OWN 2014 TAX BREAK

Take Advantage of Tax Benefits Through December 31, 2014!

For the upcoming 2014 tax year, Section 179 has been restored to its original limits of $25,000 plus an adjustment for inflation.

- This means that if you buy (or finance) a piece of Manitowoc equipment, you can deduct the Full Purchase Price (up to $25,000) from your gross income.

What does this mean for you?

- If you finance a piece of qualifying equipment or software with Manitowoc Finance, you can deduct the Full Amount of the Equipment (up to $25,000) without paying the full amount this year.

- In fact, the amount you save in taxes could be greater than what you pay in the first year of a lease. Your equipment is making you money from day to day!

**Credit & equipment restrictions apply.*
This program does not assume your company will qualify to take advantage of IRS Section #179. Please consult your tax advisor or accountant for additional information. Equipment must be purchased and placed in service by 12/31/14.
