#### Specifications

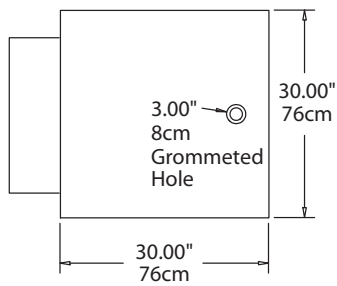

**Exterior Body** is seamless, one-piece molded fiberglass, having perfectly smooth exterior surface with all corners fully rounded. The fiberglass reinforced polyester (F.R.P.) is molded with permanent color. Stress points are internally reinforced.

**Interior Lining** at the cashier's end is 18-gauge stainless steel, with a stainless steel bottom shelf. Unit has an 16.50" x 16.50" x 5.00" (42cm x 42cm x 13cm) stainless steel cash drawer with lock and key.

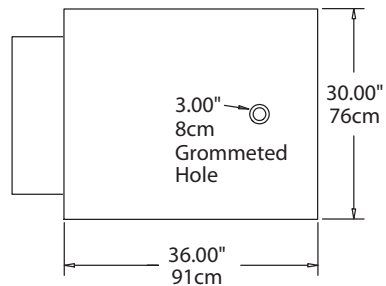

**Exterior top** is constructed of 14-gauge stainless steel, welded, ground and polished into one integral unit. Top is fabricated with square exterior corners. A 2.00" (5cm) ferruled hole is located at the rear of the top to allow cord access for cash registers.

**Castors:** unit is mounted on 5.00" (13cm) diameter swivel casters with non-marking polyolefin tires and plate brakes. Overall height of caster assembly is 6.00" (15cm).
